The test is conducted to meet the objectives of the [Right of Children to Free and Compulsory Education Act, 2009](#).

History

The Teacher Eligibility Test (TET) was introduced by the Government of India in 2011 to improve standards in teaching. Teachers already working were expected to pass the exam within two years.

The Test

The exam is based on the Government of India's National Curriculum Framework for Teacher Education, and is a mandatory qualification for incoming teachers for Classes I through VIII. People with professional teaching qualifications, including the B.T.C (D.El.Ed), B.Ed, and B.El.Ed, are eligible to take the test. Candidates must score over 60% to pass.
